HISTORY, BACKGROUND & EXPERTISE

Founded in 2001, Occupational Safety Consultants has worked with hundreds of clients nationally. With more than 15 years of experience in health and safety, coupled with extensive hands-on field knowledge, the company, the team and its founder apply a wealth of knowledge to managing and mitigating risk for clients in general industry, construction, transportation and healthcare. Mr. Stevens has worked in the field for more than 15 years and has served as an instructor for Region II OSHA Education Centers since 1997. He joined OSC in 2003 and has worked with construction companies, manufacturers, municipalities, health care organizations, educational institutions and the insurance industry, providing safety consulting and training on a variety of topics. He has also worked in the maritime industry for over 20 years and holds a U.S. Coast Guard Captain's license for 100-ton vessels. In addition, Mr. Stevens is an OSHA-authorized Outreach Trainer in both Construction and General Industry and completed the Construction Safety & Health Certification at RIT's Region II OSHA Education Center in 2009.
